**Product description**

Manufactured from pasteurized cream derived from fresh cow's milk.

**Organoleptic properties:**

Taste and odor

Well-defined creamy taste with signs of pasteurization, without foreign tastes and odors

Color

Light-yellow or yellow

**Physical and chemical parameters:**

Milk fat, % no less 82,0

Moisture, % no more 16,0

Acidity butter, oT no more 23

pH no less 6,25

**Microbiological Characteristics:**

Coli forms in 0,01 g Not allowed

Salmonella in 25,0 g Not allowed

Staph. Aureus in 1 g Not allowed

Listeria Monocytogenes in 25,0 g Not allowed

Total plate count up to 100 000

**Packaging:**

Cardboard boxes with inner polyethylene liner. Each box contain 25 kg net weight.

**Storage conditions:**

No more than 12 months at a temperature before minus 18 °C and relative air humidity under 80%.

**Nutrition Facts:**

Calories (Kcal) 743

Total fat (g) 82,0

Protein (g) 0,5

Total Carbohydrate (g) 0,8

**Certification and Quality Control**

Our focus on quality is supported with quality management and safety systems based on ISO 22000 and HACCP standards introduced at our factories, as well as a rigid control over procedures enforced by these standards.

**Special Requirements**

If any special requirements to the product arise, the Company is ready to consider the conditions of the specifications submitted by the Buyer
